

# Sammic Vegetable Preparation Machine CA-41

## Features:

- Single-speed motor block + large production attachment.
- High ejector: Processes a higher quantity of product, obtaining a high production without affecting the final quality.
- A perfect cut: It can be fitted with a wide range of discs and grids of the highest cutting quality.
- Built to last: High power asynchronous motor
- Maximum comfort for the user: Lateral product output: Requires less space on the worktop and guides the product, avoiding splashes.
- Maintenance, safety, hygiene: Lever and lid easily removable for cleaning purposes. Combination of safety systems: Head, cover, power switch.
- Includes: Speed motor block, large capacity hopper, and core drill (optional use).

## Specifications:

- Hourly production: 200 Kg - 650 Kg
- Inlet opening: 286 cm<sup>2</sup>
- Disc diameter: 205 mm
- Motor speed: 365 rpm
- Loading: 500 W
- Noise level (1m.): <70 dB(A)
- Background noise: 32 dB(A)
- Net weight: 24 Kg
- Dimension (WxDxH): 391 x 396 x 652 mm
